College Admissions System Project  
Documentation Download Project Document/Synopsis.  
Traditional college admission is a hectic process, which involves students visiting off-site campus, taking application, filling it and then submission is another hectic story. On the day of admission, the flow of candidates is very high and it requires both manual processing and record keeping at the same time that makes the process lengthy and difficult to keep track of the admission status of a candidate in multiple departments. Online College Admission Management System Project COLLEGE MANAGEMENT SYSTEM
