Environmental Sciences Department has five major curricular areas: geology, astronomy, meteorology, environmental science, and earth science education. Degrees are available in Environmental Science, Earth Science, and Earth Science Teaching. Department of Earth and Environmental Sciences Environmental Science provides an overview of how science affects our environment. We focus on interactions between the solid Earth, its water, its air and its living organisms, and on dynamic, interdependent relationships between these four components. Earth and environmental scientists also consider how these relationships produce environmental change at different timescales. What is Earth and Environmental Science? | Swenson College ...
