

Liferay Portal User Guide

pdf free liferay portal user guide manual pdf pdf file

Liferay Portal User Guide This user guide will only address user administration functions contained within the various administration portlets. See the Permissions Users Guide for instructions on assigning permissions to exist-ing portlets for individual organizations, locations, and users. User A user is an individual who performs tasks using the portal. Joseph Shum Alexander Chow - Liferay Then use your browser to sign into your portal and create a new user with the user name secretagent and the email address secretagent@liferay.com. Give this user a password and then create a new private site called Secret Site. Create a page on the site and add the Documents and Media portlet to it. Administering Liferay Sync - Liferay Help Center The intended audience of this document is for users who determine the content that is displayed and published on their portal. Distinct roles for specific users are provided in the introduction. Liferay version. This guide has been written for Liferay 4. Some details might be different for previous versions. Liferay Portal 4 - Content Management System Guide This is the User section, which describes the features of an installed Liferay DXP, how to configure its applications, and how to build your website. The Developer section is divided into five subsections: Application Development shows you how you can build applications using industry standard tools and frameworks on Liferay DXP. Introduction to The Liferay Distinction - Liferay Help Center Liferay Faces Documentation . Liferay Faces is an umbrella project that provides support for the

JavaServer™ Faces (JSF) standard within Liferay Portal. [Learn More](#). [Liferay Faces Developer Guide](#). [Facelet Tag VDLDoc](#): [Liferay Faces Alloy 3.0.1](#) [Liferay Faces Bridge 4.1.0 Documentation](#) - Liferay If you're a Liferay Enterprise Edition customer, you have access to two plugins—a hook and a portlet—that, in combination with some settings in `portal-ext.properties`, enable you to see all the activity that occurs in your portal. Using this, you can quickly find out what changes were made and by whom. [Audit Trails](#) - Liferay Help Center [Liferay bundles contain the same directory structure regardless of application server](#). The top-level folder is named for the release of Liferay. This folder is called Liferay Home and we refer to it throughout this documentation. [Figure 14.1: Bundle directory structure](#). Inside this folder, there are folders for various purposes: [Installing a Bundle](#) - Liferay Help Center [Liferay starting with version 5.2.3 supports database sharding for different portal instances](#). Sharding is a term used to describe an extremely high scalability configuration for systems with massive amounts of users. In diagrams, a database is normally pictured as a cylinder. Instead, picture it as a glass bottle full of data. [Liferay Clustering](#) - Liferay Help Center [Liferay Portal The Java Platform for Busy Developers](#) Highly extendable and customizable while remaining standards compatible, Liferay's robust, multi-tenant platform is how Java developers ship more value to their customers with less effort. [Liferay Build your project on the community supported Liferay Portal CE](#) which is designed for smaller, non-critical deployments and contributing to Liferay development. • [Installation Instructions](#) • [Try the enterprise](#)

supported Liferay DXP for 30 days Download Liferay Portal CE or Commerce Integrating Existing Users into Liferay Liferay provides a number of user authentication options. You can configure Liferay to connect to LDAP or NTLM servers so users from those environments can log in to your Liferay server. You can also configure Liferay to allow users to log in via Facebook or OpenId accounts. Integrating Existing Users into Liferay - Liferay Help Center The Kaleo workflow engine is deeply integrated with Liferay Portal. It can generate roles scoped for organizations, sites and for the whole portal based on workflow definitions. You can also customize workflow options for individual sites. Users are the most important part of the workflow, since they're the ones who do all the work. Creating new workflow definitions - Liferay Help Center Developer Network portal.liferay.dev. ...
